

**COMBINED SEWER CLEANER/HYDRO EXCAVATION
CAP COMBI 2600 CC Drain Cleaner 6X4**

In partnership with
CAPPELLOTTO

Keep Operations Running

- ✓ **The new standard for 1" drain cleaning/6" hydro excavation in the market.**
- ✓ **A lower entry cost compared to the CL model, yet has the same performance with full size drain cleaning & hydro excavation.**
- ✓ **Featuring 1" jetting & 6" vacuum with no compromise.**
- ✓ **Largest debris tank & highest legal payload in its class.**

APPLICATION:

Liquid Vacuum Recovery

Hydro Excavation

Combination - Wet Vacuum/Water Jetting

SPECIFICATIONS:

Model	2600 CC DC
Chassis	Volvo FE 6x4
Power (hp)	320
Emissions	Euro 6
Wheelbase (Euro)	4300mm
Turning Circle (kerb to kerb)	17582mm
Overall Length	9250mm
Height	3950mm
Payload	5,500kg
Sludge Tank	Stainless Steel/Corten Steel
Water Tank	Stainless Steel/Corten Steel
Sludge Tank Cap. (lt)	8,000
Water Tank Cap. (lt)	4,300
Vacuum System	Hibon 820, 2,822m ³ /hr max. vacuum 95% (29"Hg)
Filtration	Stainless steel cyclone with automatic cleaning function
Suction Hose	150mm overhead boom (6")
Overhead Boom	4.8m reach 270 deg rotation
NDD Pump	17ltrs/min @ 280bar
NDD Hose Reel	20m x 3/8"
Remote Control Operation	Yes
